

Muskateers After School Activity Club

Dear Parents,

You have written on _____ registration form that he/she requires an inhaler. Can you please complete the following details:-

Medication Required & Dosage & Frequency:-

Is inhaler held at Home/School Bag/After School Club (Not school office)

Can your child Self Administer Yes/No

For your child to Self Administer or any member of staff to administer the inhalers, then an authorisation form must be completed by a parent/guardian, as failure to do so will result in the club having to phone for an emergency vehicle as no one (child or staff) can administer without consent nor can any other persons inhalers be used even in the event of emergencies if you have not provided us with one. Therefore it is imperative that we are required to administer, that we have the relevant inhalers within expiry date, that your child requires and fully completed administration of medication documents.

The club cannot accept any responsibility if the above is not complied with fully including completed and signed paperwork and the inhalers being within their expiry date. It is the parents/guardians responsibility to ensure that all inhalers are within date and replaced when necessary.
